

Novelty Library — Project Documentation

This folder includes editable Markdown source documents and matching Microsoft Word (`.docx`) and PDF exports for every Markdown document.

Core documents

- `PRD.md` / `PRD.docx` / `PRD.pdf` — Product Requirements Document.
- `ARCHITECTURE.md` / `ARCHITECTURE.docx` / `ARCHITECTURE.pdf` — Technical architecture, system boundaries and data flow.
- `DESIGN.md` / `DESIGN.docx` / `DESIGN.pdf` — UI/UX and visual design system.
- `RULES.md` / `RULES.docx` / `RULES.pdf` — Product, engineering, security and data invariants.
- `TASKS.md` / `TASKS.docx` / `TASKS.pdf` — Implementation status and development backlog.
- `README.md` / `README.docx` / `README.pdf` — Project orientation and development guide.
- `INDEX.md` / `INDEX.docx` / `INDEX.pdf` — Documentation index.
- `CHANGELOG\_1\_82.md` / `CHANGELOG\_1\_82.docx` / `CHANGELOG\_1\_82.pdf` — Version 1.82 profile-card and export updates.

Formats

- Edit `.md` files as the canonical source.
- Use `.docx` for editable Word copies.
- Use `.pdf` for sharing and read-only distribution.

****Important:**** The documentation describes the codebase and requirements captured in the existing source documents. Verify all deployment-critical details and checklist items against the exact release before production deployment.
